M. B. Locke, connected with the Loop Binder Company of Los Angeles, California, was here the middle of the week visiting the family of his cousin, Mrs. J. W. Griffith. Mr. Locke was enroute to Chicago on business and took advantage of his trip to come by way of Texas. He says it is dry in California but that it is much cooler there than here.

E. C. Taylor of this place and E. L. Brod of D'Hanis returned the latter part of last week from a trip to New Braunfels, Seguin, Floresville and other points adjacent to these towns. Mr. Taylor says the country traversed is dryer than this section and that the only green spots to be seen were an occasional garden plot that has been irrigated.

Henry Bendele and son Arnold A. Bendele, were up from their Black Creek farm Tuesday on business. While here they were pleasant callers at this office and took advantage of our club offer of FARMING and Ferguson's Forum. Mr. Bendele says the second planting of his this year's crop is up, but it will take lots of rain to keep it alive.

Mr. and Mrs. J. E. Murray and children came up the first of the week from Hebronville and have gone on a fishing trip to the upper Medina. Mr. Murray has only recently recovered from a severe attack of typhoid fever. His friends are delighted to see him making such a quick and complete recovery.

Mr. and Mrs. H. E. Taylor and their guests, Mrs. Partridge and Mr. and Mrs. Stearnes and baby, of Baton Rouge, La., Mr. and Mrs. F. H. Schweers, Mr. and Mrs. J. E. Murray and children and Mr. and Mrs. Theodore Barnes and children left Monday for a camping trip on the Medina river above Bandera.

HONDO, TEXAS

"Since I wrote you last, I was moved to within 5 miles east of San Jose," writes Henry Koch in a private letter to the editor. "We are in paradise. State Highway alongside of railway track, fine shade trees on both sides of highway. Traffic is heavy. Farmers seem to prosper this year, an abundance of fruit being raised; also other crops are being harvested and work is plentiful on farms. Changing—we have had considerable rain at times since February. Trust you all have had rain also, as rain is needed for the welfare of us all. I don't know just how long the Company will let us remain at this point before moving us west of San Jose—though judge we will have work here till the first part of July.

N. E. Hughes and Mr. and Mrs. Milton Hughes and baby girl of Wimberly Mill in Hays county have been in Hondo the past two weeks. The men are erecting the new Barrientes brick building. Mr. N. E. Hughes tells of a peculiar circumstance which he observed lately in his dog pen at the Wimberly well. In the pen Mr. Hughes kept four dogs and amidst those rabbit chasers, he lately found a rabbit nest with young ones. They had seemingly been unmolested for several weeks and his conclusion is that his dogs had refused to disturb them.

Earl Boon is closing out his stock of dry goods and notions and will remodel and re-arrange the interior of his building into a modern and up-to-date cash grocery. He will specialize in groceries only and dealing for cash only will be able to give his customers the benefit of the freshest goods on the market at the lowest possible price. See his announcement elsewhere in this paper.

Give Cotton Your Care
The cotton crop in Texas is in poor condition, and in some parts of the State farmers are despairing of making any cotton. If you are a farmer and have a growing crop, work it in a way to get the largest return from it, for the prospects are that cotton will be valuable at harvest. Remember that those who last year made the best returns were those who plowed their crops most. They did not stop when the weather became dry, but kept plowing. Keep plowing and count your increased gain at harvest.

Notice: The members of "The Castroville Mutual Fire Association" are urged to attend the General (annual) Meeting, which will be held at the Public School building at Castroville, at 2 P. M. Sunday afternoon, June 21, 1925. Important business. Election of officers, etc.

members, friends and neighbors are invited to come to this 4th of July picnic. All are kindly requested to bring their good eats along in baskets, boxes or freight cars. The committee in charge will provide an ice cream and cold drink stand and arrange plays, races and past time for all as best it can. One very interesting feature of the day will be a fine program of recitations, vocal and instrumental musical selections by the church choir and individuals, possibly also a speech or two. If possible the various numbers and participants of the program will be announced in the Anvil Herald next week. The picnic will be held in the Henry J. Boehle pasture, just adjacent to the Quihi Water hole.

[Read] IT PAYS TO ADVERTISE.

Mr. William Wrigley, Jr., the chewing gum king of Chicago, in explaining the rapid growth of his company, said it was all due to advertising. "But," interrupted one of his friends traveling with him to the Pacific coast, "you have already built up a remarkable business. Why not save some of this advertising money and run along on momentum for a while?" "Well," Mr. Wrigley said, "we have had a fine, fast trip west from Chicago so far. How much progress do you think we would make if they took off the engine."

At the Quihi Lutheran church Sunday, Sunday school will be held at 9 and German service at 10:00 o'clock A. M. At 8 o'clock P. M. divine service in the English tongue will be held. Besides several fine selections by the church choir, an interesting discourse relative to the IX and X commandments will be held. All are cordially invited to all services in this church.

Last Sunday the infant son of Mr. and Mrs. Willie R. Schuehle received the sacrament of holy baptism in Bethlehem Lutheran church. The little gentleman was given the name of William Ray. Mr. and Mrs. Ernst A. Balzen were the sponsors. The occasion was nicely and interestingly celebrated at the home of Mr. and Mrs. John Balzen, quite a number of relatives and friends being present to enjoy the festive dinner and the social entertainment.

The 4th of July celebration at Quihi promises to be quite an interesting affair. The Bethlehem Lutheran church Sunday school, Luther League and Church choir will unite in this celebration. Parents of the S. S. pupils, as well as all church

[Read] ABOUT THE TRAINING CAMP.

During the recent visit to Hondo of Lieutenants Balcar and Haile of the 20th Infantry in the interest of securing enrollments for the Fort Sam Houston Citizens' Military Training Camp to be held here from July 28th to August 26th, the fact was brought out that several young men of Hondo have stated on numerous occasions that they intend reporting for this training but they do not wish to bother themselves with making the proper application.

Until this year this practice has been in vogue in all of the camps in the United States, but a radical change in War Department policies now decrees that no young man will be accepted at any training camp for training without properly authenticated orders from his proper Corps Area Commander, which in this case, is the Eighth Corps Area Commander.

In order to secure these necessary orders permitting the young men to receive this desirable training, the first and most essential step is the submission of an application, steps are then taken leading to the acceptance or rejection of the applicant.

Those young men who intend reporting for training at Fort Sam Houston are thus advised that they must submit an application before they can be considered. As the applications are coming in rapidly, an early application is necessary.

When Better Automobiles Are Built, Buick Will Build Them

No. 19

Question: Why is a used Buick the next best buy to a new Buick?

Answer: Because the correctness of Buick design and the quality of Buick manufacture are not altered by use. A used Buick is a better investment than many new cars of other makes.

The story of a farm, the story of a city and eventually the story of a farm within a city. Even in its most sophisticated dealings with city life, Miss Ferber's story—the most successful American novel of 1924—is redolent of the soil, and alive with the beauty of green fields and the charm of fair landscapes.

The most vivid story of the Middle West during the last quarter of the Nineteenth and the first quarter of the Twentieth century that can be found in American literature.

MORE THAN "SKIN DEEP."

Quality in a motor car, unlike beauty, is more than skin deep". In the broadest sense, quality embraces not only automobile externals—finished upholstery—but also design, quality of material, precision in manufacturing methods and accuracy in assembly.

The discriminating automobile buyer is learning that appearance and a demonstration bear little relation to long life and economical operation.

Quality in a motor car like the Star, imbued by the use of alloyed steel, bronzed bushings, honed cylinders, lapped piston pins, machined fly wheels, dynamically balanced crank-shafts, hot spot manifolds, compressed and mirror finished bearings is not superficially discernible. It proves itself in use, by low operating costs, minimum trouble and repairs, and lower transportation costs throughout the life of the car.

New motorists tend to buy on selling prices, whereas, experienced motorists investigate the real cost per mile and year, and buy "by the mile." A. E. Weynand, Star and Durant Dealer, will be glad to give you a demonstration.

[Read] A FATAL ACCIDENT.

Friends of Mr. and Mrs. F. R. Grube, but recent arrivals in Medina County from Caldwell County and residing on the farm purchased from Mr. J. W. Ulbrich, south of Hondo, deeply sympathize with them in the tragic loss of their 19-year old son, Hilbert.

Only meagre details of the tragedy have reached this paper but the facts as reported are that the young man was traveling alone on a road near Lockhart Sunday afternoon. The truck or auto which he was driving turned over at a place where there was loose gravel on the roadway and shortly afterward passing travelers found the badly mangled and lifeless body of the young man beside the demolished vehicle.

Relatives there took charge of the body, notified the parents here and interment was made at the old home at Maxwell Tuesday. The grief-stricken family returned Wednesday from their sad mission of attending the funeral of their loved one.

[So Big] CATHOLIC LADIES SEWING CLUB.

Mrs. Charles Fillemann and Mrs. Edmund Ney entertained the Catholic Ladies Sewing Circle on Wednesday afternoon. After a few hours were spent in sewing, playing Bridge and High Five, a salad course was served to Mesdames Ed de Montel, R. J. Noonan, Earl O'Neil, Jacob Reilly, John Finger, Charles Schuehle, Louis Brucks, Lou Heath, Felix Richter, Fritz de Grodt, Joe Mechler, John Koch, Seraphine Jungman and Miss Clara Fillemann.

The next meeting will be with Mrs. Fritz de Grodt and Mrs. Seraphine Jungman.

All Catholic ladies are invited to attend these meetings.

[For 25¢] HONDO CIVIC LEAGUE.

The Hondo Civic League met in regular session at the Chamber of Commerce Hall Tuesday afternoon at four o'clock.

The names of fifteen ladies were recommended by the membership committee and voted on.

The rapid growth of this organization proves we have substantial citizens who are interested in the growth of Hondo and want to place it FIRST with towns of its size.

The ice cream social was a success and netted the sum of eighty-eight dollars which will be used to beautify the town.

REPORTER.

[Read] More than 200,000 copies of "So Big," Edna Ferber's amazing novel, have already been sold. Read it serially in Farming starting with the August issue.

FARMER'S SHORT COURSE.

"Practical" is the best word describing the District Short Course to be held at the Medina Hereford Ranch, twenty miles west of San Antonio, July 8, 9, and 10th. The Texas A. & M. College specialists have laid their plans to give farmers and their families lots of real demonstrations but not many lectures. The hog man will point out the weakness in the system of hog management on the ranch and show specifically how to improve conditions in order that more money might be made from hogs. Every morning at 5 o'clock the dairymen will have the dairy farmers out for feeding demonstrations and sampling and weighing the milk to be tested later in the day. The field crops man will "spill his stuff" in the field instead of under the trees; and the bug man will kill out a cut ant hill rather than talk about how it is done. Likewise the women will prepare and cook a balanced meal rather than merely plan it, and will actually dye garments instead of discussing the theory of color design. And so it will go with every farm activity in which instruction is given.

What is the Short Course? Just an old fashioned Encampment of forward looking country folk who want to improve their lot in life by making the farm and the home and the ranch pay more, not only in cash but in comfort as well. Not a high brow session of College professors, but an informal gathering where folks can mingle with and get the best from a select group of country reared specialists in the problems of farm and home.

It's a time when folks drop the cares of the home place, pack up the grub and cooking outfit and wagon sheet and drive the family 50 or a 100 miles for a real vacation out on the ranch "where A. & M. College comes to the Southwest".

[So Big] ENJOY A PICNIC.

Mr. and Mrs. W. C. Scott and Mr. and Mrs. Jack Fusselman entertained about twenty-five guests Friday, June 12th down by the "Blue Water Hole" in the Fusselman pasture.

The "fatted calf" was barbecued to a delicious brown and served with a host of other good things to eat. The guests showed their appreciation by partaking of the feast to the limit of their ability and the ability of no one was questioned when the siege was over.

All pronounced the affair a charming success, and that barbecue! Success does not begin to describe it! After a nice swim by those who cared to indulge, the crowd departed for their homes, feeling that they had been treated to a royal good time, that would not soon fade from their memories.

ATTENTION CITIZENS.

Beginning Wednesday, April 22, and continuing indefinitely, the siren of the Hondo Fire Department will be sounded each Wednesday evening. This notice is given in advance so that the people will not become excited, thinking a fire is in progress. The sounding of the Siren is a precautionary measure to determine whether it is at all times in condition for alarm should it be necessary.

The sounding will occur at 7:30 p. m. every Wednesday.

A Miracle, A Truthful Ad

Did you ever read a truthful Ad. I mean one when you read it you would say, "That fellow really means what he says"? No you never did. You read where some Guy endorses an Overcoat, and to prove it he has one on, (or one they loaned him for the Picture). Now even if he did like it, what has that got to do with you. Peoples tastes are not alike. What difference does it make to anybody what some prominent Statesman, or Actor or Actress, or Movie Star wears. You are no kindergarden, you know what you wore last year and if it pleased you try it again. Now I dont smoke "Bull" Durham, I am not going to smoke "Bull" Durham, but if you did and you liked it, why dont let some Guys Picture and indorsement tout you off on something else. Now the only way I could ever be caught in a falsehood with this ad would be to smoke it myself.

Will Rogers

P. S. There will be another piece here two weeks from now. Look for it.

SIXTY-FIVE YEARS AGO!

In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

FARMER'S SHORT COURSE.

The sixteenth annual Farmers' Short Course will be held at the Agricultural and Mechanical College of Texas at College Station, Texas, July 27th to August the 1st, according to announcement made by T. O. Walton, Director of the Farmers' Short Course.

An excellent program has been prepared for those who attend. G. I. Christie, Director of the Extension Service, Purdue University, Lafayette, Indiana, O. B. Martin Office of Extension Work, U. S. Department of Agriculture, Washington, D. C., C. W. Warbington, National Director of Extension Work, Washington, D. C., Miss Cla Mae Powell, Field Agent Southern States Extension Service, Washington, D. C., Miss Edith McClure Patterson, Dayton, Ohio, and other national characters will appear on the program at various times. Their travel, experience and training have rendered them peculiarly capable of entertaining and instructing the attendants at the Short Course.

Any man, woman, boy or girl who desires to study and learn more about the solution of farm and home problems are eligible to register for the Short Course and take advantage of the program which has been especially prepared, since the Short Course is planned to meet the needs of men, women, boys and girls who desire to make farm life more profitable and attractive.

Agriculture.—Work in Agriculture will be held in all the following departments: Animal Husbandry, Dairy Husbandry, Poultry Husbandry, Agronomy, Horticulture, Entomology, Plant Diseases, Rural Sociology, Agriculture Economics and Agricultural Engineering. There will also be an exhibit of improved and modern farm machinery and home equipment.

Home Demonstration Work.—Several courses in home demonstration work especially adapted to the needs of girls and women from rural communities, will be given. The work will consist of lectures and demonstrations in health work, in meal planning, table service, clothing, home improvement and poultry.

Contests.

Boys.—A special feature of the Short Course will be a poultry judging contest, a grain judging contest, and a livestock judging contest. Individual medals will also be given to the boys, consisting of a gold medal for first place, a silver medal for second place and a bronze medal for third place.

Women and Girls.—All state contests for home demonstration club girls and women will be held at this time.

Entertainment.—The evening program will be devoted almost entirely to instructive lectures and entertainments. In addition, sometime during the day will be devoted to special forms of entertainment. In so far as possible the entertainment will be of educational value.

Conferences.—A large number of the State Agricultural Societies will hold their annual meeting at College during the Short Course, among which are the following: The Extension Workers, consisting of County and Home Demonstration Agents and Specialists, the Superintendents of Experiment Stations, County School Superintendents, County Farm Secretaries, Agricultural Editors, Shippers and Carriers, Texas Bee Keepers, Cotton Seed Growers' Association, etc.

The railroads have agreed to make a special rate of one and one-fifth fare for round trip. All persons attending the Short Course will be charged only the actual cost of meals and lodging.

Automobile Parties and Camp Ground.—Those who contemplate attending the Short Course should now begin to organize automobile parties. Everything possible will be done for the convenience of those coming in cars and wagons. They will be given the privilege of obtaining lodging in the dormitories and board in the Mess Hall on the same terms as others. A special location near the Athletic Field has been set aside for camping purposes, and arrangements have been made whereby groceries, vegetables, ice, etc., will be delivered at the camp. However, on account of the extreme low rates for lodging, persons who come overland may find it more satisfactory to secure rooms in the dormitories.

CITATION BY PUBLICATION ON APPOINTMENT TEMPORARY ADMINISTRATOR.

THE STATE OF TEXAS:

To the Sheriff, or any Constable of Medina County, Greeting:—YOU ARE HEREBY COMMANDED to cause the following notice to be published in a newspaper of general circulation, which has been continuously and regularly published, for a period of not less than one year, preceding the date of this notice, in the County of Medina, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days, exclusive of the first day of publication, before the return day hereof.

NOTICE.

To all persons, interested in the welfare of Easter Fullmore, non compos mentis.

It appearing to the Hon. R. J. Noonan, County Judge, of Medina County, Texas, that the interests of the estate of Easter Fullmore, non compos mentis, require the appointment of a temporary guardian and he, the said County Judge, having by an order in writing, under his hand and the seal of the County Court of Medina County, Texas, attested by the Clerk thereof, on the 6th day of May, 1925.

APPOINTED

Fred Fullmore Temporary Guardian of the estate of Easter Fullmore non compos mentis.

NOW, THEREFORE, All persons interested in the welfare of the said estate are hereby notified to appear before the county court of Medina County, Texas, at the next regular term thereof, to be held at the court house in Hondo, Texas, on the 6th day of July, 1925. Then and there to contest such appointment if they so desire; and, if such appointment is not contested at the term of court so named in this citation, then the same shall become permanent.

HEREIN FAIL NOT, But of this Writ make due return as the law directs.

MORE DERRICKS ARE GOING UP IN MEDINA COUNTY.

Fred Dentler will build a 44-foot derrick over the No. 1 Nixon of the Arnett Oil Company in Medina County and tools will be put in and the well worked over. It is a shallow well to the 930-foot sand and has been pumping an amount of oil that makes it an attractive and profitable shallow well, but the casing is cracked, letting in water. This will be corrected and the well put on the pump.

Dentler will also erect a taller derrick on the location for the No. 3 Nixon of the Arnett Oil Company, which is an off set 300 feet to the west of the No. 1 Nixon.

Eastman & Tarver have arranged for the rig that is now drilling the Amy well at Devine to be moved to the No. 1 Violet Wilson of Smith & Carson, which is an offset to the west of the Smith and Donaldson well of the Ina Oil Company. The Amy well at Devine is now at about 2,750 feet and is 35 feet into the Edwards and with some showings of oil. It will be carried into the Edwards far enough to test out the Edwards which will require but a few more days.

Ina Oil Company's No. 1 on the Blackburn tract is drilling at about 390 feet, having lost the first hole at around 89 feet and skidded the rig a short distance and started again.

Nolle will have a derrick erected on survey 528 within the next week, it is understood, and will drill a test that is expected to pick up production at around 945 feet, where an old well drilled a year or two ago near here found some oil. The well will be rigged up to make a deep test in case it fails to pick up the shallower production.

A. G. Kiefer is drilling at around 400 feet in the Adams No. 1 south of the Ina wells.—Friday's Express.

THE LITTLE RED HEN.

Said the little Black Rooster, "Gosh all hemlock, things are tough. Seems that worms are getting scarcer and I cannot find enough. What's become of all those fat ones is a mystery to me. There were thousands thru the rainy spell—but there's none here now for me."

The Old Red Hen who heard him did not grumble or complain she had gone through lots of dry spells, she had lived thru floods of rain; so she flew up on the grindstone and she gave her claws a whet, and she said "I've never seen the time there weren't worms to get." She picked a new and undug spot, the ground was new and firm. The little Rooster laughed, "New ground, that's no place for a worm."

The Old Red Hen just spread her feet, she dug both fast and free. "I must get to the worms," she said, "The worms won't come to me."

The Rooster vainly spent his day through habit by the ways where fat round worms had passed in squads back in the rainy days. When night-fall found him supperless, he growled in accents rough, "I'm hungry as a fowl can be; conditions sure are tough." He turned then to the Old Red Hen and said, "It's worse with you, for you're not only hungry, but you must be tired too. I rested while I watched for worms, so I feel fairly perk. But its tough for you, without worms too, and after all that work."

The Old Red Hen hopped to her perch, composed herself for sleep, and murmured low in drowsy tones, "Young man, hear this and weep—I'm full of worms and happy, for I've dined both long and well."

"The worms are there as always—but I had to dig like hell."

So Big

By EDNA FERBER

Upon her first view of a field of cabbages, Selina DeJong exclaimed, "How beautiful!"

The remark was long a standing joke, one of the few jokes of the stolid Dutch vegetable gardeners among whom she had come to live.

But it was an insight to the character and perception of this unusual woman, the chief figure in Edna Ferber's remarkable book.

The greatest story from the pen of Edna Ferber, a writer who has been voted unanimously, "the female O. Henry."
